## PROPHECY

Thus Saith The LORD God Of Israel, Holy Father of Jesus The Messiah of Nazareth, directly unto The Vicar Of St.Andrew's Church, even, John Aldis: Behold I AM, and besides Me there are no other gods, nay, not even one. I created the entire Universe and recorded My Works for all time in the Book Of Genesis; All things work for good to those who Love Me and My Son Jesus, and there is not one thing that happens that I do not know about, for verily, I AM in all places, at all times beholding all things.....I AM Jehovah; I AM Jesus, I AM God and I AM The Holy Spirit.

By My Word, the Heavens and their Hosts came forth, and all the beasts of the field and the fowls of the air, and the creatures in the Seas, all things that move on earth I Ordained and Created, and Behold, Saith The LORD, they did NOT Evolve; and Behold again, Saith God The Spirit, My Words from Genesis to Revelation are all The Truth, that ye may all know of Me, and The War that I am forced to wage with My fallen Angel, even The Devil, saith The Holy Spirit, for he hath but a little time left to go.....

I have witnessed the activities of The Churches these past Centuries, and the Faithfulness and Love of the True Followers of My Son Jesus, and now your year is 1998 AD, and still the world is in darkness and still ye have failed to be bold enough in The Spirit, to do that which I require, saith God The Spirit (and I speak now to The Anglican Church, whom I have greatly and richly Blessed and Multiplied these past 300 years).....

Recently, Saith The LORD, I sent in My faithful Servant, who writes My Words unto thee today, with a Fresh Vision for Anglican Church Evangelism, and relaying to you (and I speak to John Aldis now), the New Things I seek to do in the coming times so close ahead, and Behold, ye treat him like an heretic; ye act like the very same Pharisees that rejected My Son Jesus.

Ye have fallen, and become just as those I sent thee to minister to originally; I hardened thy heart to see if ye would seek Me for a softening, for a reconciliation, and ye have rejected all that I sent to thee, all that I seek to do, through My servant, ye have ridiculed, without seeking The Truth of the matter, saith Jehovah. Thou hast become a seeker of the favour of men and timid in the Word of My duty for thee, saith The LORD God, directly unto John Aldis.

I have fulfilled many mighty Signs, Wonders and Prayers in the life of My Servant, yet ye have never once enquired of him, about My New Work for The Church, saith The Holy Spirit; ye reside in utter ignorance, in the face of the very obvious, and both I and My servant, have patiently watched and waited to see if ye would hearken, even at all one iota to My Words to thee.

Nay saith God, ye engage in fear, and backbiting; striving and reasoning with the mind of atheist man; false accusation and ridicule, slander and derision, that ye could be more Holy than The Office I placed ye in; and then ye cloak yourself in mist and pretend to yourself and others, (and deny to Me), that ye do not understand My servant and his Words from Us, Saith The Trinity; That he is evil, mad, deluded, into witchcraft and other such false accusations, and to be avoided, when it is Me that ye direct such thoughts to, for verily I sent him in to see you, and

those in thy circle, to deliver My Message for The Church, and My Message for the world.

The time has come, My Work needs to proceed, and I will not be mocked, saith The Heavenly Father.

Behold, John Aldis, in the same way that I placed thee in this Office, I will now remove thee from this Office and Raise Up another, more Blessed with My Holy Gifts, to work in thy stead.

As this removal comes to pass, ye will feel pain, and should ye repent and hearken kindly unto My Words, I too will repent, of that which I plan to pass in thy life. Except ye repent, and renounce thy love of compliments from others, saith The LORD, and renounce thy false interpretations of Ancient Scripture, and settle it in thy heart to reject the respect of persons, then ye will look back upon these days and wring thy hands in despair.. Then, saith The LORD God of Israel, The Holy Father of Jesus, then, will ye recall all that My servant tried to impart to thee and thy churches, and then ye will have a chance to hear My Word again and follow My New Revelation for The Church, like the latter rain, in The Third Day, save only that it may then be too late for thee, saith God.

There be many among thy throng that delight in their attacks upon My Revelations through My servant, and conspire to deride and belittle also, being bereft of My Holy Understanding, saith The LORD.....

Behold for these, as for thee, as I have done several times in the very recent past, to confirm My Word, as given through My servant, who writes My Words today, saith Jehovah, I will pass through Hong Kong, with these Three Main Signs, that it is I, The LORD God of Heaven and Earth, that dictate these Words today, and none other, saith The Holy Spirit.....and these Signs will pass quickly in My Time, saith God.

First, I will send a Great Wind across the territory, saith Jehovah; Second, I will send a Great Fire, followed by an Explosion, saith Jehovah; and lastly, I will raise up the Spirit of Great Joy and Celebration, to mark the passing of the these Signs, saith The LORD Of Hosts. My servant will record their

passing, as he has done faithfully, for twenty five years, saith God, and then thy Office will be torn asunder from thee, except ye repent as I have said before.

The rest ye can hear of My servant upon request, saith The Lord, for I will not speak to thee again until ye repent.

So saith The Holy and Heavenly Father of Jesus, By His Son and The Holy Ghost, The Creator of All Things and all Matter and all Life in The Universe, and these Three All agree as One.....Selah"

# Three injured as lighter test sparks container explosion

CLIFFORD LO

A worker was critically injured in an explosion yesterday when he tested a container's contents with a lighter.

Two other men were injured in the blast at a goods examination centre in Lok Ma Chau.

The container, described as being packed with bags of polystyrene, was taken to the plant in Ho Sheung Heung Road, Kwu Tung, for inspection. The 24 tonnes of granulated material, which arrived from Europe for shipment to the mainland, was to be used for making transparent plastic products.

The blast happened at about 11.30am when the container was opened and one of the two examiners, Yip King-leung, 48, used a lighter to burn a sample of the material on a concrete platform.

His colleague and the truck driver were also on the platform.

"The victims told us that they burned the substance and smelt it in the test," said police Chief Inspector Siu Heung-wing.

A fire officer suspected the sealed container had filled with gas emitted from the material and the lighter triggered the blast. Firemen spent two hours dousing the flames.

The three men were taken to Northern Hospital where Yip was in a critical condition with burns to the left side of his body. His 64-year-old colleague was in a serious condition. The driver was discharged after treatment.

Firemen battle the flames after an explosion at a Lok Ma Chau goods examination centre set a container truck alight. Another truck also caught fire and a nearby primary school was evacuated.

In December 1999 John Aldis left Hong Kong to take up a position in Oman.

The odd thing about this is that some of that which i asked of the Anglican Church involved preaching to moslems specifically!! (Especially leaders of mosques)..

Jim informs me that John resigned, but couldn't find a position senior enough to replace that he had held at St.Andrew's.

Bearing in mind his staunch opposition to yours truly, and the fact he received the Prophecy on December 10th 1998, he would NOT have resigned because of me, since that would seem to be a self fulfilling Prophetic incident.

No, clearly the Lord did all this for a much higher purposes, just as He said He would.

The decision to visit Oman would have occurred at least 4-5 months in advance of his departure. (Within at the most 6 months from the date of the Prophecy being written).

This is all the more poignant, since John has been in Hong Kong at least since 1989!!

QED..The Word is True!!!

08:21 Elijah 12/11/9

At 1.30AM December 11th, a number of hours after the Anglican Church received the December 8th Prophecy, mailed by Registered post on Dec.9th, the wind was way higher and noticeably whistling, compared with the day before and certainly compared with the tranquil weather the past few weeks. (High Winds were NOT an item until this morning). The noise of the Wind is extremely noticeable. Selah The Prophecy is Underway.

=====

14:08 Elijah 12/14/98

The Great Wind can be seen for definite to have started, Monday 14th December around 2 PM, from Tuen Mun viewpoint. Whistling through the windows and making white breakers out at sea.

The Lord said "quickly in My Time" and quickly indeed it is, so no-one could say it was just coincidence. The explosion set the pace.

i can hear everything rattling and banging, and an email to do with Angels and heaven came strangely in as a "herald" to this Observation.

The Prophecy was sent in a time of clear calm blue skied sunshine. With NO forecast that i could have looked to or used.

Blessed be The Name of The Lord.

"May he protect those near and dear in Jesus' Name..Amen"

Fire guts 25th-floor office at army HQ

One hundred soldiers were evacuated from PLA headquarters in Central yesterday when a blaze broke out at the former Prince of Wales barracks.

The 25th-floor office overlooking Victoria Harbour was gutted by the fire which broke out at 7.30am. Fire officers were last night investigating the cause.

The office of Lieutenant-General Liu Zhenwu, Commander-in-Chief of the PLA Garrison, is in the 28-storey building. A PLA spokesman refused to say what the blaze-hit office was used for but said the fire did not interfere with its normal functions.

About 250 of the PLA's 5,000 Hong Kong detachment work at the headquarters.

About 90 firefighters - including two teams of officers wearing breathing apparatus - and two jets were used to fight the blaze, which was put out shortly before 8.30am.

Military sites are off limits to firemen or police, so PLA personnel escorted the firefighting teams.

"We had officers with us when we were battling the blaze," said Central divisional commander Cheng Tak-chuen from Fire Services.

He said the building was equipped with an automatic sprinkler system, which was activated.

A PLA spokesman said: "We were impressed by the swift response and efforts made by the Fire Services Department and police in putting out the fire."

The first fire engine arrived within two minutes of the alarm being raised.

A Government spokesman said all 14 barracks had been checked for effective fire safety facilities before being handed over to the mainland soldiers.

Crash truck blast kills 18, injures 100

ASSOCIATED PRESS

At least 18 people were killed and nearly 100 injured when a truck laden with detonators and fuses exploded after colliding with a bus, it was reported yesterday.

The explosion, which happened as rescuers were trying to pull victims from the wreckage of the accident, killed 17 people on the spot. Another person died later in hospital, Xinhua said.

Of those injured, 63 were still in hospital.

The bus was carrying nine people when it collided on Saturday with the truck in Dingyuan county, Anhui province, 850km south of Beijing.

After 10 minutes, the truck was burning out of control. As a group of people were preparing to push the bus away from the burning vehicle, a badly injured person climbed down from the truck and said it was carrying a dangerous cargo, Xinhua said.

The explosion happened as people were running away. It was later discovered that the truck had been carrying 60,000 detonators and 40,000 metres of fuse. Witnesses said casualties would have been worse had rescuers not been given the warning about the cargo.
